

School of Modern Languages - Spanish

Joy C. Xie

Submitted by Francisco Rodriguez

Joy is an outstanding student of Spanish. She is thorough, dedicated and consistently diligent in her daily classwork. Joy pays attention to every detail related to the subject matter, with a positive, inquisitive and curious attitude. Joy is a team player and, at the same time, outshines in her acceptance of responsibility and embrace of hard work. I believe Joy is a student who makes her High School and SBCC proud now, and will continue to do so during her career and future.

Joy's Words of Gratitude

I'm very honored to receive this award. I would like to thank my Spanish 101 professor, Señora Margarita Martín del Campo, for providing me with the resources to embark on this path to becoming fluent in Spanish, my Spanish 102 professor, Señor Francisco Rodriguez, also for providing me with useful resources to excel in learning Spanish as well as always helping and answering my questions when I was unclear on subjects, and my Coach@ Facilitator, Mónica Véliz, for helping me improve the essential skill of speaking in Spanish. I have greatly enjoyed learning Spanish. I hope to use my newly gained knowledge sometime in the future, whether it be talking to native speakers or using it to bridge language barriers. I will continue learning Spanish throughout my high school and hope to become fluent in it someday.
